PARADE.

Continued from first page.

Elks can always be counted upon to do their part in anything arising where the interest of the city is involved.

Streets of All Nations.

The Streets of All Nations, located on North Main street between Market and Tallmadge sts., will attract large crowds. Here are located the paid attractions. Near the Market st. entrance is Haggenback's animal show, where wild animals of all kinds are made to do remarkable feats; Bosco, the wonderful snake eater, is directly opposite. Then comes the theaters, Oriental, Congress of National Dancing, Girls, and American. At the lower end of the street is Gaskell's animal show, containing seven cages of lions, tigers, jaguars, pumas, baboons, snakes, etc. Other attractions on the street are acrobatic performances by the great Gillett family, tight rope walking, Prince Ishmel, the Indian magician, trained elephants, camels and ponies. Commencing at 1:30 o'clock every afternoon, there will be a continuous performance until 5:30 and from 7:30 to 11 o'clock.

Lions Born Today.

Two little lions arrived at Gaskell's animal show Wednesday. They were born last night, a male and a female. It has been decided to christen the male "Akron."

Great Gun.

Everybody attending the Street Fair should see the exhibit at May & Fiebigers at 114 and 116 N. Howard st. They have, at a great cost, made an exact reproduction of the famous 13-inch gun of the Oregon, which played havoc with the Spanish fleet at Santiago. The reproduction is made of galvanized iron. The description of the gun is as follows: Weight, 67 1/2 tons; length, 40 feet; greatest diameter, 49 inches; powder chamber length, 81 inches; powder charge, 7 bushels; weight of projectile, 1,100 lbs.; bursting charge of projectile 48 lbs.; muzzle velocity, 2,100 feet per second; range, 12 miles. Thickness of steel which a shell will penetrate at 2,846 feet. In another part of the store are many specimens of shells. Perhaps the most interesting of the shells, are two 5-inch shots, which were fired by the U. S. gun boat "Castine" off Cuba. These shells were kindly loaned by Mr. Lukesh of Akron, who was at that time an ensign on the Castine.

Among the others are two 7-inch shrapnels, one of which is solid, the side of the other is taken apart, showing the many small bullets. They have made an exact representation of the shot fired by a 13-inch gun.

Will be Welcome.

Persons visiting Akron during the Carnival and Street Fair will find a convenient place to rest at the W. C. T. U. rooms, 162 South Main st. (over Himmelman's drug store) where they will be made welcome.

Will Keep Streets Clear.

Chief Harrison today issued the following: "All parties are ordered to keep their horses off the streets in the Fair district during the parade, which will be given at noon each day."

Change Announced.

The display of fireworks will be given each evening at 7 o'clock at the corner of High and Market sts., instead of Market and Market, as heretofore announced.

Official Notice.

During the Street Fair, Main st., is to be closed to vehicle traffic from after 6 o'clock, until the performance is over, from the City building to the Empire house; Market st., from the east side of Main st., to Canal st.; Howard st., from Tallmadge st., to the intersection of Main; Mill st., from Buchtel hotel to Canal st. H. H. HARRISON, Chief of Police.

Japs Having Trouble.

Considerable trouble has been experienced in locating the Japanese theatre, with the Canton Carnival Co. The tent was put up three times today, just north of the office of the American Cereal Co., and each time was pulled down by the employees of the company. It was stated that police protection would be given the theatre company, so that the tent might be put up and not molested, but as yet this has not been done, and this afternoon the Japs performed in the Streets of All Nations. They will also perform there this evening, and may continue to occupy space there during the week. One of the Japanese performers, Mrs. Millie Ottura, is an artist of ability, having attracted considerable attention in vaudeville sleight of hand performances at the Grand Opera House, Pittsburgh, last winter. She also does a sword walking act.

Balloon Did Not Ascend.

Owing to the high wind it was impossible for the balloon ascension and parachute jump to take place in Bierce Park, at 1:30, as advertised. An ascension will take place this evening if the wind falls. Prof. George W. Barnhart of Sturgis, Mich., will perform the feats, until Friday, when Dr. W. H. Thompson, the famous aeronaut, will be here to complete the remainder of the contract.

Excellent Music.

The music furnished by the bands is of an excellent and enthusiastic character. In the latter part of the afternoon the crowds in the streets were very large and attendance tonight will be enormous.
